

Accident Reports

Adequate and prompt accident reporting is essential if similar accidents are to be prevented from happening again. If there are injuries or property damage, prompt reports also are vital in assuring the BOCES staff and others of insurance coverage. Such reports may be important in the event of litigation.

An accident report shall be filed on every accident that takes place on BOCES property, involves a BOCES vehicle. Such reports are required whether or not there are any immediately evident injuries or damage to property.

The executive director shall establish procedures for filing accident reports including details that:
